FOREWORD

The demand for secondary education has increased as a result of high completion rates at the Junior high School level. In response to this, a number of new public schools have been provided, whilst facilities in existing schools have been upgraded.

Trends in school placement from the Computer Schools Selection and Placement System (CSSPS) indicate some disparity in the selection of schools. Students overwhelmingly choose the popular but few traditionally high performing schools thereby leading to oversubscription of these schools. Many schools that have significantly improved in recent years remain unknown and undersubscribed. We believe that this anomaly is partly due to lack of information available to students and parents.

The Ministry of Education (MoE) seeks to introduce the Annual Senior High School Digest, which is aimed at providing would-be candidates and the general public with information about educational opportunities available at the second cycle level. The MoE anticipates a better and well informed school selection through the use of the Digest. The strategy involves the provision of authentic webbased and printed information on available facilities, location, GPS coordinates, achievements, school performance and programmes of study in all public senior high schools in the country. Information will be disseminated through the annual print edition linked to the online School Mapping and Profile (www.ghanaschoolinfo.org).

A web based school mapping portal is also designed to facilitate the monitoring and evaluation of these schools by education authorities, members of the general public and stakeholders, as well as for easy interaction by users.

This fourth edition has been succinctly written to give the historical backgrounds and performances of 721 public senior high schools spread across the country. This Digest will also enable corporate bodies, nongovernmental organizations (NGOs) and stakeholders to identify schools and institutions with special needs and so identify ways of providing support to these institutions. We therefore urge teachers, education workers, parents and members of the general public to make this Digest a “must read” to enable them access all the information they need about the different public senior high schools in the country.

This Digest will be updated on an annual basis, to ensure that at all times, the data and information provided in respect of each institution is relevant and up-to-date. This will enable students and their parents to make informed choices.

The Ministry is grateful to the World Bank for supporting this project and the various school heads for their cooperation in providing the relevant information about their schools.

Hon. Dr. Matthew Opoku Prempeh

Gender: Mixed
Housing status: Day and Boarding
Year of Establishment: 1954
Name of Head: Nathaniel Asamoah

DESCRIPTION

In the early part of the 1950’s due to the limited number of Secondary Schools in the Ashanti Region, boys and girls who wanted secondary education had to travel to the coastal regions of the country. An association called Asante Youth Association (AYA) in 1952 mooted the idea of establishing a Secondary School in the locality to reduce cost factors involved in seeking secondary education down south. Members of AYA made up of young, energetic, bold and visionary men responded positively with the establishment of Asante Youth Association Day Secondary School in 1954.

VISION

To be the pacesetters of education in the country.

PERFORMANCE TRENDS ANALYSIS
Opoku Ware School, originally called the Yaa Asantewaa College, was established by the Gold Coast Government at the request of the Catholic Church in Ashanti Region to cater for boys’ education, as an alternative to travelling to St. Augustine’s College in Cape Coast. In February 1952, Rev. Fr. Peter Burgess, conducted interviews and admitted 60 boys into the school at Santasi. He devised a system of identification in numbers which is still in use, with the first batch being numbered K1 to K60. Otumfuo Sir Osei Agyeman Prempeh II changed the name to Opoku Ware, believing it is an anomaly for a boys’ school to bear a female name.

VISION
To strive to be a centre for achieving an integral formation, that has for its objective the total development of the human person.

The Bono region is one of the 16 administrative regions of Ghana. It is as a result of the remainder of Brong-Ahafo region when Bono East region and Ahafo region were created. Sunyani, also known as the green city of Ghana is the regional capital. Sunyani can pride itself as the cleanest capital city and a major conference destination.

The region was created after Ahafo region and Bono East region respectively have been carved out of the then Brong-Ahafo region.

It has moist semi-deciduous forest and the soil is very fertile. The region produces Cash crops like cashew, timber etc and food crops such as maize, cassava, plantain, cocoyam, tomatoes and many others.

Bono Region shares a border at the north with the Savannah Region, is bordered on the west by Ghana-Cote d'Ivoire international border, on the east by Bono East, and on the south by Ahafo Region.

DESCRIPTION
Our Lady of Providence Girls’ is a Catholic school for girls established through the initiative of the late Bishop James Kwadwo Owusu, with the assistance of the religious community of the Sisters of Divine Providence, the year 1989.

These founding partners shared a vision that the renewal of society depends to a great extent, on the family in which the mother, the first educator, has a key role; that there is, a relationship between a mother’s level of education and the performance of her children in the school, that the morality rate of infants, the health of the family and the socioeconomic contribution of woman to the development of the country, depend on a vibrant female population. Hence the motto of the School, “An educated woman the seed of a new generation.”

VISION
To become a centre of excellence and one of the best Girls’ Senior High Schools in Ghana, educating and empowering young girls for the future.

MISSION
Our Lady of Providence Girls wishes to provide a learning environment where girls will, come to know their special dignity, rights and worth as women; have many experiences and opportunities to develop their skills and talents; improve the quality of their lives, to take their place as equal partners with men in society, to participate in decision-making and to become leaders in their communities, to build a better society.

DESCRIPTION
The idea for the establishment of the first secondary school in the then Techiman District was wholly as a result of community advocacy, and the initiative of the Techiman Traditional Council during the reign of Nana Akumfi Ameyaw III, who released about 200 acres of land for the purpose.

Consequently on the 6th of March 1963, the foundational stone for the establishment of Techiman Senior High School was laid by Hon. A. J. Dowuona Hammond, the then Minister of Education in the first Republic of Ghana under Osagyefo Dr. Kwame Nkrumah.

On the 1st of November, 1963, the school was officially opened with seventy one (71) students. The Motto of the school is “NIHIL NISSI OPTIMUM” (in Latin, meaning NOTHING BUT THE BEST).

VISION
To be a school where products are well disciplined to peaceably co-exist with others by inculcating moral and religious values into them to make them believe in themselves.

MISSION
The school stands to provide equal access to all students, provide conducive environment to enhance teaching and learning, offer welfare services for both staff and students, instilling discipline and good moral values in our students.

The Central Region is one of the sixteen administrative regions of Ghana. It is bordered by Ashanti and Eastern regions to the north, Western region to the west, Greater Accra region to the east, and to the south by the Gulf of Guinea. The Central region is renowned for its many elite higher education institutions and an economy based on an abundance of industrial minerals and tourism. The Central region attains many tourist attractions such as castles, forts and beaches stretched along the Central region’s coastline.

The Central Region is a hub of education, with some of the best schools in the country. Cape Coast Castle and Elmina Castle are prominent UNESCO World Heritage Sites and serve as a reminder of the slave trade. The Central Region is a major center for tourism within the peninsula of Ashanti land and it has some of the most beautiful beaches, and U.S. President Barack Obama made his first international trip to the city of Cape Coast in 2009.

DESCRIPTION

Mfantsipim is a Methodist secondary school in Cape Coast, Ghana. It is the first secondary school to be established in the Gold Coast, (now Ghana) as Wesleyan High School, founded on 3 April 1876. The school changed its name to Wesleyan Collegiate School in 1896. In 1905 a graduate of the school, John Mensah Sarbah, founded a rival school named Mfantsipim; the name derives from “Mfantsefo-apem”, literally meaning “thousands of Fantes” but actually meaning “the gathering of hosts of scholars for change” originally by Fantes. In July of the same year the two schools were merged under the control of the Methodist church, keeping the name Mfantsipim. In 1931, it moved to its present location at Kwabotwe Hill and has sometimes been referred to as ‘Kwabotwe’ for that reason.

VISION

A second cycle institution of choice excelling beyond Ghana and firmly rooted on at least three core principles

MISSION

To maintain its position as a first class educational institution, excelling in all fields of endeavours, through the provision of conducive environment and with the active involvement of all stakeholders and motivation for staff and students to achieve the best.

The School was originally meant to be a day school but due to CSSPS, the School administration decided to create the boarding and hostel facilities for students who come from afar. It is 30 kilometers west of Accra on the main Accra-Winneba Highway after turning 7 kilometers from Akoti junction towards the coast.

VISION
To build a school grounded on solid academic excellence and sound moral standing.

MISSION
To harness the limited and material resource available to create the necessary and needed opportunities for the youth of this locality and beyond to unearth and develop their hidden potentials through self-discipline, dedication to work and mutual understanding.

DESCRIPTION

A government assisted girls’ Methodist school with a strong Methodist tradition. Founded, in 1836 by the wife of the second Methodist missionary to the Gold Coast, Mrs. Harriet Wrigley.

It provides holistic education and believes that every girl is special and has her own contributions to make. The hard working staff of the school strive to inculcate the core values of Integrity, Respect, Sacrifice, Discipline, Intelligence, Service and Godliness in the girls while both staff and students endeavour to live out the school motto to: ‘Live Pure, Speak True, Right Wrong, and Follow the King.’

It has nine houses most of which are named after past Headmistresses of the school.

VISION

To be a centre of quality education in partnership with stakeholders to produce God-Fearing, well-balanced, disciplined and self-confident individuals capable of taking the challenges of a fast-changing world in their stride whilst making the most of every opportunity for self-development and service to humankind.

MISSION

To create a propitious environment for the spiritual, moral, physical and emotional development of each girl, providing what it takes to attain and sustain the highest academic standard and putting in place a framework that exposes each girl to Ghanaian / African culture and creates an opportunity for each girl to develop their talents to the full, while respecting those of others.

ABURI GIRLS SENIOR HIGH SCHOOL

Categories
- Gender: Girls
- Housing Status: Day & Boarding
- Year of Establishment: 1946
- Name of Head: Mrs. Alice Prempeh Fordjour

Description
Aburi Girls’ Senior High School was established in 1946 but its origins and evolution can be traced to the work of the Basel Missionaries, who founded the Presbyterian Church of Ghana. The Mission took the provision of education as an integral part of its mandate and evangelistic agenda. Thus in 1852 a girls’ boarding school was opened at Aburi with Mrs. Windmann, Miss Anna Riss and Miss Rose Miller as the teachers. Unfortunately, these had to leave when the British, colonial masters of the Gold Coast dismissed them after WWII. Upon the recommendation of the Education Committee of the Presbyterian Church of the Gold Coast, the church took a decision in 1945, to establish Girls’ Secondary School at Aburi. The Aburi Presbyterian Girls’ Secondary School was therefore formally opened on 31st January, 1946.

DESCRIPTION
Akim Asafo Secondary School was established as a community school on 18th February 1991, under its first Headmaster Mr. Kyere Alexander Kofi. The school started at the present Methodist JHS premises with seven (7) students but was later moved to its present site in 1994. In 1996, some Baptist Missionaries from America visited the school and decided to adopt it. As part of an arrangement, the name of the school was changed to Akyem Asafo St. Paul’s Community Secondary School. The school however lost contact with the Missionaries and when the previous Government decided to rename all the secondary schools as Senior High Schools, the name of the school metamorphosed to Akim Asafo Senior High School.

VISION
To be a centre of excellence in moral and academic training for the youth.

MISSION
To ensure that every student who has passed through the walls of the school is given a holistic quality education. We seek to inculcate in students Godliness and moral uprightness as well as help bring out the potentials in them for a lifelong personal responsibility that will enable them not only fit into the society but also contribute their best quota to transform the world around them.

DESCRIPTION

Krobo Girls Senior High is a Presbyterian school situated at the western part of Odumase Krobo, about one kilometre off the Odumase-Asesewa road. It started as Krobo Girls Middle School, which was founded by few female Scottish Missionaries in March 1927. Under the Accelerated Plan of the Government, a two-year Teacher Training College for women was added to the Girls School in 1944 on experimental basis. The College was constituted a Certificate ‘B’ Teacher Training for women in 1951 under the Management of the Presbyterian Church of Ghana. In 1962, the Two-Year Teacher Training College changed to a Four-Year Certificate ‘A’ Teacher Training College for women. In September 1973, the Krobo Girls Middle School phased out while Krobo Training College (Presbyterian) was converted to a Girls Secondary School, under the Consolidation of Teacher Education Programme by the Ministry of Education. The school has been a Secondary School in view of the new educational reforms by the Ministry of Education since January 1990.

VISION

To be a first-class educational institution that produces first class girls with holistic education.

MISSION

To deliver quality and holistic education based on the Presbyterian tradition, to prepare and equip the girl for a fuller life. Its purpose is to discipline not only the mind and body but also the spirit.

DESCRIPTION

Kwaobaah Nyanoa Community Senior High School was established in the year 2016 as a community day school. The school derives its name from the fact that it is situated between two towns, Kwaobaah and Nyanoa, both of which are in the Upper West Akim District of the Eastern Region. The admission of students and academic work started on 7th October, 2016. The 2017/2018 intake of first-year students constitutes the second batch.

VISION

To become a world-class second cycle institution where students are empowered with the requisite knowledge, leadership skills and innovative abilities to achieve academic excellence and exhibit high levels of integrity.

MISSION

To provide a supportive learning environment customized to each student’s needs and aspirations, where all staff, in partnership with parents, are committed to doing what it takes for students to achieve academic success, personal growth and social responsibility, and become confident citizens capable of succeeding in all spheres of life.

DESCRIPTION

The New Nsutam Senior High Technical School, popularly called NSUTECH, is located in the Fanteakwa District of the Eastern Region. It is located about 1 km from the Bunso Junction on the Accra-Kumasi highway. It was established as a Day school in September 1982 but co-existed with the Junior Secondary School. It had its first substantive Headmaster on 5th March, 1985 in the person of Mr. Agyei Aninfeng. The school has the motto: “Nokware Nnsuma” (‘The truth does not hide’).

For effective and efficient organisation and management of students, the school has a well-designed four-housing system. Healthy competition among the students in academic, sports and co-curricular activities allows the students who pass through the school to perform creditably.

DESCRIPTION
The first batch of seventy (70) students, all boys, was enrolled on 16th October 1971. It became extremely necessary to admit girls due to a great demand for girls' education. The first batch of girls was twenty (20) and was admitted in October 1972 and were housed in a nearby hostel. Initial idea was that the school would serve the immediate community but the first batch came from all over southern Ghana. Later, the case was strongly made for a change in name to reflect the Traditional Area, Nifa, one of three Political Divisions in Akwapeman. This, plus the fact that Benkum and Adonten already had schools named after them made the argument win the day. The change in name was accordingly effected in 1973 and Nifa Senior High was born.

VISION
To be one of the best and the most creative educational centre of excellence in the country.

MISSION
To promote the development of the nation's youth by offering quality education on competitive basis, impart knowledge through teaching of science, arts, business, agriculture that would improve students' requisite skills to make informed decisions and choices which will enhance their self-realisation and prepare them to be progressive citizens.

Description
St. Dominic’s Senior High Technical School is sourced from the Most Rev. Dominic Ando, Archbishop Emeritus of the Accra Arch Diocese. The school started in 1980 as one of the then nine (9) Regional Pilot Experimental Junior Secondary Schools and was initiated under the able, well-focused leadership of Rev. Fr. Joseph Glatzel from Paris. The transitional period of the Experimental JSS to St. Dominic’s Secondary Technical School, the first of its kind in the then Kwahu South District took effect in the reign of Nana Ampadu Okyere II in 1991 who gave his blessing to the school, and the generosity of the Presbyterian Church of Pepease who released a portion of their land to the school. The school has been blessed with capable and efficient headmasters.

Vision
To be one of the best Senior High schools in the Region and the country training the Ghanaian youth to overcome the challenges of this century.

Mission
Expand access to Secondary and Technical education within the Kwahu East catchment area and other environs by providing and improving relevant academic infrastructural facilities, improving the quality of teaching and learning for effective output and making vocational and technical education more relevant to the Ghanaian youth.

The Greater Accra Region has the smallest area of Ghana's 16 administrative regions, occupying a total land surface of 3,245 square kilometres. The Greater Accra region is the most urbanized region in the country with 87.4% of its total population living in urban centres. The capital city of Greater Accra Region is Accra which is at the same time the capital city of Ghana.

The Greater Accra Region is bordered on the north by the Eastern Region, on the east by the Volta Region, on the south by the Gulf of Guinea, and on the west by the Central Region. The Greater Accra region is served by the Kotoka International Airport in Accra. The airport offers flight to destinations within Ghana, the African continent and to other continents.

Four National highways – N1, N2, N4 and N6 – and one Regional highway – R40 – pass through the Greater Accra region. N1 enters the region in Ada to the east and runs west, intersecting the N2 at Tema, the Ghana Road Network Tetteh Quarshie Interchange, and the N6 at Achimota. There is also an active railway line connecting Accra and Tema.

DESCRIPTION

Nungua Senior High School is situated in the heart of the Nungua township along the Accra-Tema beach road. It was founded by Nii Daniel Quaye Tawiah, a native of Nungua in 1958 when his son, Enoch Otu Quaye was brought home from the Presbyterian Secondary School, Odumase-Krobo and installed as chief with the stool name Nii Odai Ayiku IV, Nungua Mantse. It was to offer the young chief, who was 15 years then, the opportunity he so desired to continue secondary education and also be available for chieftaincy affairs. Nii Quaye Tawiah therefore converted his private residence into classrooms, administration block and staff bungalows. He managed the school single-handedly from his private resources until the Government finally absorbed it into the Public system of education. The first candidates of 15 students were presented for the General Certificate of Education (GCE Ordinary Level) in May 1963.

VISION

To elevate Nungua Senior High School to a top class educational institution with emphasis on academic excellence and sound moral and spiritual discipline of the students.

DESCRIPTION
Presbyterian Boys, Legon is a prestigious all-male academic institution established by the Presbyterian Church of Ghana on 1st February, 1938 at Odumase Krobo in the Eastern Region of Ghana. The school started with 16 students who were selected through special entrance examination and 4 teachers. The school moved to its current location, Legon in 1968. The first Headmaster of the school Rev. E. A. W. Engmann, a 35-year-old man, offered himself to make the dream of the Presbyterian Church to establish a Secondary School started by Rev. N.T. Clerk, the Church's first Synod Clerk, a reality. An alumnus of the school is referred to as 3dadeɛ (the baobab tree). The baobab tree is a Ghanaian symbol of knowledge, resourcefulness and strength.

VISION
PRESEC, Legon is dedicated to being the number one institution for young males in the country and Africa, an institution of excellence where students achieve their potential in scholarship, character development, civic responsibility, creative expression and Career/Post-Secondary Preparation.

MISSION
It provides a safe and secure environment, quality instruction, personal guidance, and challenging learning opportunities for all students. The school exists to equip students for a fuller life to which Christian education based on the Presbyterian traditions opens the door.

DESCRIPTION

The Presbyterian Senior High School, OSU was established in 1956 in one of the missionary buildings at the foot of Kuku Hill of Osu. It was to offer Presbyterian education to children whose parents could not afford the boarding fees of the sister school at Odumase Krobo which was later moved to Legon. It was also considered that Osu, being the seat of the Basel Mission and Presbyterianism, needed a higher institution. The church and some individual educationists teamed up to establish the school with Mr. Cleland Armah as the first Headmaster. In 1963, the school was absorbed into the Public system. The church offered the present site (The New Site) for the school.

VISION

To develop attitudes for excellence as we acquire knowledge and skills through quality training within the Presbyterian discipline to become informed, caring, responsible and productive citizens of our community, nation and world.

MISSION

To empower all students to apply their acquired skills and knowledge and to rely upon their personal attributes to lead productive lives and become competitive and participatory citizens in a globalised world.

The North East Region of Ghana was carved out of the existing Northern Region of Ghana and its capital is Nalerigu. The District is a multi-religious one with the dominant religions being Christianity, Islam, and Traditional African Religion. The North East Region is much drier than southern areas of Ghana, due to its proximity to the Sahel, and the Sahara. The vegetation consists predominantly of grassland, especially savanna with clusters of drought-resistant trees such as baobabs or acacias.

KYABOBO NATIONAL PARK
ABOHIRE FALLS
OTI REGION

The Oti Region is one of the six regions created regions of Ghana in December 2018 with the region’s capital as Dumbai. The region was carved out of the northern part of the Volta Region. The Oti Region is bordered on the north by the Northern region, to the south by the Volta Region, and to the west by the Volta Lake. It has 8 districts. The Oti Region is much drier than the rest of the southern areas of Ghana, due to its proximity to the north. The vegetation consist of mostly of grassland, especially savanna with clusters of drought-resistant trees such as baobabs or acacias.

THE UPPER WEST REGION

The Upper West Region of Ghana is located in the north-western corner of Ghana and is bordered by Upper East region to the east, Northern region to the south, and Burkina Faso to the west and north. The Upper West regional capital and largest settlement is Wa. Upper West is the youngest region, created in Ghana by the then Head of State, Flight-Lieutenant Jerry Rawlings in 1983 under the Provisional National Defense Council (PNDC). The area was carved out of the former Upper Region, which is now the Upper East Region.

It covers a geographical area of 18,476 square kilometers, representing 12.7% of the total land area of Ghana. The northern Ghana-Burkina Faso is bordered on the east by the Upper East region and Northern regions, on the south by the Northern region, on the west by western Ghana-Burkina Faso, and the Upper West region on the north. It is the seventh largest region in Ghana in total area, and it is made up of 11 districts.

The Wechiau Hippopotamus Sanctuary is located southwest of Wa, along the Black Volta River in the Wa West District. The Gwollu Wall in the Sissala District serves as the hometown of one of Ghana’s past presidents - Dr. Hilla Limann.

DESCRIPTION

Lassia-Tuolua Senior High School was established on 3rd May, 1995 by the Catholic Diocese of Wa. The idea of establishing a secondary school was mooted by the chief and people of Jenbob to the then Bishop of Wa and now Archbishop Emeritus, Gregory Kpienbaya, in the late 1980s, to cater for the youth of secondary school going age. This was the first mixed Catholic Senior High School in the Upper West Region.

The school which started as a Day School, was formally absorbed into the Public System in 1997 and then the boarding system was also introduced. The school was named after a Jew in Loyola named St. Ignatius, who was credited with this popular saying: “If the Saints can do it, why can’t I?” The school celebrates St. Ignatius of Loyola Day, every 31st July, the day Ignatius died.

VISION

Lassia-Tuolua Senior High aspires to be a training hub churning out well-educated and trained youth who are self-disciplined, based on sound Christian morals for their own benefit and for nation building.

MISSION

To produce intelligent, self-disciplined and resourceful people through quality education and Christian moral training who will give of their best to society.

THE VOLTA REGION

Volta Region (or Volta), is one of Ghana’s sixteen administrative regions, with Ho designated as its capital. It is located west of Republic of Togo and to the east of Lake Volta. Divided into 25 administrative districts, the region is multi-ethnic and multilingual, including groups such as the Ewe, the Guan, and the Akan peoples.

The native and largest ethnic group of the Volta Region (Togoland / British Togoland) are the Ewe people (68.5% of the population). They consist of several sub groups such as the Anlo Ewe, Tongu Ewe, Wedome and Avenor Ewe. Other ethnicities include the Guan people (forming 9.2% of the population), the Akan people (8.5%), and the Gurma people (6.5% of the population).

The Volta region is run by a Regional Coordinating Council (RCC) and a District Assembly.

DESCRIPTION

The Dzodze Penyi Senior High is a co-educational institution established 25th October, 1963 as a Boys Training College. In August 1965, citizens owning plots of land around the School met and signed over their lands to expand the school and afford it a permanents site. In 1971, as per the Government policy then, Dzodze Training College was phased out and turned into a Secondary School. The school can boast of a well-equipped Science Resource Centre, an ultra-modern IT Centre and a recently refurbished well stocked spacious library.

VISION

The major pre-occupation of the founders of the school and the other stakeholders is to shape the minds of the youth and to lay a strong foundation for skills development.

DESCRIPTION
The Some Senior High School is situated at Agbozume in the Ketu South District of the Volta Region. It was founded in 1966 by the Agbozume Scholars Association (ASA) and christened Agbozume Secondary School. It was administered as a Private Community Institution until 11th October 1977 when it was absorbed into the Public School System. The school’s Motto – “Tso Nakle” (Arise and Shine) is a clarion call to the students to arise and shine wherever they are. In other words, it is urging them to be the beacon of the society wherever they are and live up to their responsibilities and expectations.

VISION
To grow into a Senior High School that is well-endowed infrastructure-wise, that has more qualified, competent, well-motivated and dedicated staff, and that has well-disciplined and academically-sound students.

MISSION
For us in Some Senior High School, the concept of education goes beyond training for jobs. It denotes the whole dimension of academic, cultural, moral and spiritual development. We, therefore, aim at nurturing and training those who pass through SOSEC into academically sound and morally upright people who are capable of contributing their quota to the development of the nation.

DESCRIPTION

Tsito Senior High Technical School was established in the year 1991 as part of the 1987 Educational Reforms. As one of such new schools, it was expected to help absorb the teeming number of prospective senior high school entrants with emphasis on Technical and Vocational Education. The school began as a pure Day-School but later metamorphosed into a boarding institution with the provision of girls’ dormitory block and a two semi-detached bungalow for house mothers by the Japanese Government via JICA. The boys who lived in hostel in Tsito town were later moved and housed in a partially completed PTA initiated 3-unit classroom block as dormitories. The early physical structures were put up through communal labour provided by the Tsito community on a 21-acre land donated by the Mordeku, Dakpey and Adesi families.

VISION

To be a first class second cycle institution of choice in the Region and the whole country.

MISSION

To provide first class general, technical and vocational training to all students through the utilisation and development of their cognitive, psychomotor and manipulative skills to enable them lead meaningful lives and contribute effectively to national development.

The Western North Region is one of the six new regions of Ghana and its capital in Wiawso created in 2019. The region is bounded by the Ivory Coast on the west, the Central region in the southeast, and the Ashanti, Ahafo, Bono East and Bono regions in the north. The Western North Region has the highest rainfall in Ghana, lush green hills, and fertile soils. There are numerous small and large-scale gold mines companies in the region. The ethnic culture of the region is dominated by the Sefwis. The main languages spoken are Sefwi, Akan, French and English.

The Western North Region of Ghana is a new region carved out of the existing Western Region of Ghana.

The Western Region is located in south Ghana, spreads from the Ivory Coast in the west to the Central region in the east, includes the capital and large twin city of Sekondi-Takoradi on the coast, coastal Axim, and a hilly inland area including Elubo. It includes Ghana’s southernmost location, Cape Three Points, where crude oil was discovered in commercial quantities in June 2007. The region covers an area of 23,921 sq. km.

The Western Region enjoys a long coastline that stretches from South Ghana’s border with Ivory Coast to the Western region’s boundary with the Central Region on the east.

The culture is dominated by the Akans; the main languages are Akan, French and English.

The largest rivers are the Ankobra River, the Bia River, and the Pra River in the east, with the Tano River partly forming the western national border. The area is known for the UNESCO World Heritage Site and village of Nzulezo, built entirely on stilts and platforms over water.

DESCRIPTION

The school was established on 9th August, 1909 by the colonial government as a pure Technical school, providing a 3-year course in Woodwork and Metalwork. Due to increased enrolment and the need for more technical expertise, it was transferred to its current premises in Takoradi in 1939 and later moved to Elmina castle in 1940. This was to give way to the British Royal Air force to use the school.

The school is the first Secondary Technical School in the country. It started with 19 students. It is interesting to note that five ladies have passed through the school. They passed through from 1990 to 1993. They were among the first batch of the Senior Secondary Programme. The school’s motto is “Mente et Menu” which means “With Mind and Hand”

VISION

The vision of the school is to be one of the academically outstanding second cycle institutions in the areas of Science and Technical Education.

MISSION

The school seeks to render quality academic knowledge to students and also to give them holistic training – morally, socially and spiritually for them to fit into the world of work and become good and useful citizens in the society.
